OBONGI DISTRICT

REF: REQUEST TO INTERVENE IN THE IMPASSABLE OBONGI –MOYO ROAD

This is to request you to urgently intervene in the sorry state of Obongi –Moyo road which is now in a terrible state and impassable due to floods and lack of offshoots on the Road.

Most vehicles including my official car **UG 4137C** have been grounded due to the bad road

This is therefore to request that you urgently handle the matter.

I communicated with the regional manager UNRA who promised to send a team to carry out assessment on the road in preparation for repairs.

I suggest that UNRA declares the road a disaster so that it is temporally closed to avoid people drowning in the floods.

I have attached a picture of the sorry state of the road.

Yours

Samuel Mpimbaza Hashaka
